With over 7 overseas branch operations, namely in Thailand, United Kingdom, Brunei, Bahrain, Kuwait, UAE & Saudi Arabia, the Group employs more than 16 different nationals.

The 5 core business verticals under the RAY Group umbrella are Energy, Oil & Gas, Skills Development, Logistics & Manufacturing.

---

## About us

---

RAY International UAE specializes in providing services & solution to customers in Oil & Gas, Utilities & Infrastructure in the GCC region through their offices in UAE, Bahrain and Kuwait.

We provide wide range of service in compliance with relevant international standards. With a dedicated team of qualified engineers, supervisors and a committed management, RAY UAE is confident to execute any Electrical, Mechanical, civil, control & Automation, Facility Management & Lab services in a professional manner meeting all stringent work specification, Safety, Quality standards and time schedules which meets the client requirements.

---

## Our Vision

---

RAY International aspires to render unsurpassed quality in Service and state of the art compass in Products through innovative and unique solutions enhance its presence as Professional Service provider in UAE, the Gulf region and across the globe.

## Our Mission

---

Empowering People to provide empirical innovative solutions locally and globally, delivering value to the customers, stake holders and society.

OUR CLIENTS

## Projects

- Overhead lines
- Cable network
- Primary Substation
- Package Distribution Substation

## Long Term Contracts for T&D, Power and Oil & Gas Sector

- Substation maintenance up to 220Kv
- Transmission line maintenance up to 400Kv
- Overhead line maintenance 11 & 33Kv
- HV Cable network maintenance
- Power plant electrical maintenance
- Diesel generator Maintenance
- Solar PV Plant Maintenance

## Live Line Work

---

- ⦿ Live Well Hook ups.
- ⦿ Liveline work in Distribution networks
- ⦿ Liveline connections
- ⦿ Liveline washing of distribution and transmission line Insulator.

## Asset Integrity Management

---

- ⦿ Explosion proof equipment inspection and repairs as per IEC & API Standards.
- ⦿ Asset Condition-based Risk Management.
- ⦿ Integrity Threat Assessment of field instruments , electrical & mechanical equipments
- ⦿ Well integrity Test

## Testing / Commissioning and Condition Monitoring

---

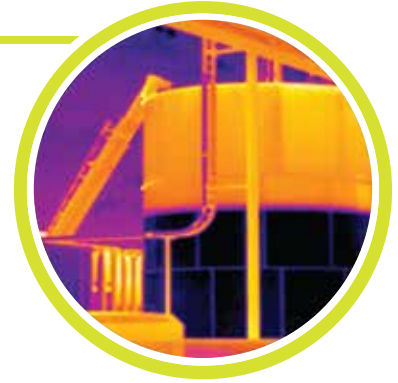

- ⦿ Complete plant Electrical testing and commissioning including test like Tan delta, SFRA, DFR, Oil test & Protection testing
- ⦿ Condition monitoring of Electrical, mechanical and Instrument equipments
- ⦿ Wood Pole testing
- ⦿ Remaining Life Assessment
- ⦿ Partial Discharge Testing
- ⦿ Vibration monitoring

## Inspection Services

---

- Hydraulic Hose assemblies
- Thermography
- Gas Imaging
- Aerial inspection
- Corrosion Monitoring
- Non-Destructive Testing
- Inspection, Testing & Calibration of Field Instruments

## Special Services

---

- High Velocity chemical cleaning for flowlines
- HRSG Chemical cleaning
- GRE coating removal for storage tanks
- Failure Investigation
- Onsite transformer repair / Gasket replacement service.
- Special coating which includes Silicon coating for insulators, Cable fire protection Coating, Equipment Corrosion protection coating and Building Insulation coating.
- Waste Water Treatment

## Oil Management Services

---

- ISO 17025 oil testing Laboratory for testing Transformer oil, lub. Oil, water, fuel and minerals.
- Transformer Oil filtration
- Lub oil filtration
- Transformer oil regeneration
- Onsite Transformer oil leak arresting

## Facility Management Services

---

- ⦿ MEP works
- ⦿ HVAC maintenance and repairs
- ⦿ Civil maintenance and repairs
- ⦿ Electrical repair works
- ⦿ Plumbing works
- ⦿ EOT crane maintenance
- ⦿ Firefighting equipment maintenance and repairs
- ⦿ Pest control & House keeping
- ⦿ Diesel Generator maintenance and repairs
- ⦿ Access control and camera surveillance.

## Products & Solution

---

### Electrical Products includes

- ⦿ Concrete poles
- ⦿ Switchgears / Autoreclosure
- ⦿ Cable Accessories
- ⦿ OHL accessories
- ⦿ Earthing materials
- ⦿ Energy storage system
- ⦿ Oil purification machines
- ⦿ Power factor correction systems
- ⦿ Photovoltaic
- ⦿ Motors
- ⦿ Battery Chargers / Inverters

### Mechanical Products includes

---

- ⦿ Gas Turbine Exhaust System
- ⦿ Gas Turbine Parts and auxiliaries.
- ⦿ Gas Turbine Air Intake Filters.
- ⦿ Valves
- ⦿ Pumps, Mechanical Seals and spares.
- ⦿ Hydraulic Rubber hoses  
SS Hoses

## Fire/Blast Protection Products Includes

- Fire & Blast Rated Wall
- Fire Resistant Louvers
- Blast Relief Panels & Roof
- Escape Tunnel
- Doors & Windows
- Fire Jackets
- Wind & Heat Shield

## Civil Products Includes

- Rust Convertors
- Soil Stabilizer

## Principal Companies

## RAY Group of Companies
